

Please complete the form below to help support Ethiopian Jewish Israeli Students

Traditional has entered our 31st year as participants in the Adopt-A-Student program sponsored by NACOEJ (North American Conference on Ethiopian Jewry). This program supports promising Ethiopian Israeli Jews who need financial help to continue their studies.

While tuition is covered by the Israeli government, students must pay for living expenses. Due to their own financial difficulties, the students' parents are not able to help. In many cases, the financial burden causes Ethiopian students to drop out of school. The support we provide our adopted students helps them stay in school and earn a degree. Ultimately, this education provides them a profession and helps them break the cycle of poverty.

Two of our students are continuing their studies:

Avkelesh Ytayo (Masters in Political Science and International Relations, Bar Ilan University)

I have the desire to succeed, so I do not let anything bother me on my way to success. I really appreciate your help. Thank you very much.

Hagit Zerihon (Occupational Therapy, Tel Aviv University)

I want to thank you all for your support during the past year. It has been a challenging year with many worries. Your support gave me at least financial relief and it means a lot to me.

Two of our students graduated last year, and we adopted two new students:

Hedva Bugala (Economics and Accounting, Ashkelon University)

One of my goals is to show the next generation of the Ethiopian community that they can believe in themselves. I want the next generation to have more exposure to the idea of higher education, and for them to be able to fulfill their potentials.

Moran Bayuch (Social Sciences, Hebrew University)

Educational excellence and good grades have always been an important goal of mine. Your financial support will help me focus on reaching my educational goals.

Help Traditional continue this worthwhile project!

Please send your contribution to: **Traditional Congregation Chesed Committee**

and mark it for "**Adopt-A-Student**"
